## Simultaneous Rate

**Simultaneous Rate: \$25.** The rate is applicable as follows:

A. When a Standard Mortgagee Policy is issued in conjunction with an Standard Owner Policy covering the identical property under the same ownership, the policies qualify for the Simultaneous Rate. The \$25 rate is added to the Standard Owner Policy premium rate in order to issue the Standard Mortgagee Policy in an amount less than the Owner Policy.

Note 1. Additional charges for endorsements that are requested by the Lender are calculated and added to the Standard Policy base premium.

Note 2. Additional charges for endorsements that are requested by the Owner are calculated and added to the Standard Policy base premium.

B. When an Expanded Mortgagee Policy is issued in conjunction with an Expanded Owner Policy covering the identical property under the same ownership, the policies qualify for the Simultaneous Rate. The \$25 rate is added to the Expanded Owner Policy premium rate in order to issue the Expanded Mortgagee Policy in an amount less than the Owner Policy.

Note 1. Additional charges for endorsements (excluding those that are contained in the Expanded Policy jacket) that are requested by the Lender are calculated and added to the Expanded Policy base premium.

Note 2. Additional charges for endorsements (excluding those that are contained in the Expanded Policy jacket) that are requested by the Owner are calculated and added to the Expanded Policy base premium.

C. When a Lender (or Owner) requests a specific policy jacket that is a different title insurance coverage than the Owner (or Lender) Policy Jacket coverage, the policies qualify for the Simultaneous Rate to the extent of that portion of the coverage that is similar. That portion of one of the policy jacket coverages that contains expanded or additional built-in policy jacket coverage must be calculated. After that calculation, the \$25 simultaneous rate is added. Contact CATIC for assistance to tailor the coverages and rates provided to each insured.

- Note 1. Additional charges for endorsements requested by the Mortgagee (over and above those included in the policy jacket coverage) are calculated and added to the base premium.
- Note 2. Additional charges for endorsements requested by the Owner (over and above those included in the policy jacket coverage) are calculated and added to the base premium.
