

BEST PRACTICES CERTIFICATION

HAVE YOU IMPLEMENTED ALTA'S BEST PRACTICES? CATIC® IS NOW OFFERING AN AGENT CERTIFICATION PROGRAM.

In response to increased regulatory oversight and in an effort to assist our lender partners and other industry professionals in managing the potential risk involved with working with settlement agents as third party vendors, CATIC has implemented a Best Practices Certification Program.

OUR AGENT CERTIFICATION PROGRAM INCLUDES:

- A comprehensive review of your office's Best Practices Procedures Manual by a team of trained compliance professionals;
- Licensing verification;
- An on-site visit to confirm that, as of the date of the certification, your organization has implemented the Best Practices noted in your manual;
- A Certificate of Implementation which will be valid for two years;
- A Certification logo for your marketing materials, website, email signatures and other means of correspondence.

Lenders and consumers can be assured that the attorney agents who have been vetted and certified through this program have implemented all of ALTA's Best Practices and are dedicated to maintaining the high standards they have instituted to become Best Practices Certified by CATIC.

In order to remain competitive in the real estate marketplace, take the time now to become Best Practices Certified by CATIC. Pricing starts at \$750.00 for a complete review, or \$250 for Best Practices Manual review only.
